PUBLIC COMMENT:

Brian Schutte of 37w829 Pine Needle Ct, Batavia IL – Wanted to tell the Board of Trustees that the City of Batavia has budgeted \$150,000 to Connect Skyline Drive to the Windemere subdivision at the dead end. The process started in 2022. Brian feels that Batavia has annexed the land, and the Township has done nothing. Now he feels like he and his neighbors have to fight the city of Batavia without public representation.

William Johnson of 37w795 Pine Needles Ct. Batavia IL. – Would like to see a Safety Survey from the Police of Fire department if Skyline Drive were to be connected. He also wanted to make sure we knew that there are no sidewalks and no streetlights – could lead to a mess if the road is connected. William also asked if the City of Batavia has the right to annex over the Township. Mr. Jaeger answered that question and informed them they do have the right to do so. Mr Abts informed the public that we are fighting for them. He has reached out to and is working with Counsel for the best way to address all concerns and options for us now. Hoping to hear something in the next week and address with the city of Batavia.

Pamela Heiman of 37w802 Pine Needles Ct, Batavia IL. – asked when we will know what is going to happen and when it will happen. Mr. Apts said as soon as he has all the information needed from his counsel he will immediately meet with Batavia.

Mary Schutte of 37w829 Pine Needle Ct, Batavia IL: – wanted to let the Board of Trustees know about her memory of the road connecting with shut down years ago because no one wanted to pay for it.
